

# Nutanix Plan and Design Services

## Benefits

Accelerate your adoption of the Nutanix platform by leveraging proven best practices

Jump start your solution design with Nutanix platform and solution expertise

Mitigate business and technical risk by leveraging experienced consultants

## OVERVIEW

Nutanix Design Services will help you plan and design your virtualized solution on the Nutanix platform to enable successful outcome for your project.

A Nutanix Certified consultant will deliver a comprehensive design workshop ensuring that the solution design approach adheres to Nutanix recommended best practices during the planning/design phases of the solution on Nutanix

## SERVICE DESCRIPTION

The design services offered are customized for the Nutanix platform in the following areas

- Desktop Virtualization Design Services
- Migration Design Services

## DESKTOP VIRTUALIZATION DESIGN SERVICES

This service provides a customized architecture and design for VMware Horizon and/or Citrix XenDesktop or XenApp on Nutanix based on the corresponding Nutanix reference architecture, best practice guides and significant field experience for these solutions. This Service is scoped up to 4 days on-site and includes the following activities:

- Detailed requirements gathering and planning working with key stakeholders in your organization. This activity could include reviewing existing VDI deployment or gathering information for deploying a new VDI solution on Nutanix
- Interactive design workshop, structured to create a customized high-level architecture and design for desktop virtualization on the platform including review of Nutanix platform sizing
- Detailed knowledge transfer workshop providing guidelines and best practices for integrating VMware Horizon or Citrix XenDesktop/XenApp on the Nutanix platform based on Nutanix reference architecture, best practice guides and implementation experience

## Deliverables

- Customized VDI on Nutanix requirements document
- Customized VDI on Nutanix high level architecture and design document

## MIGRATION DESIGN SERVICES

This service provides a comprehensive design for customers looking to migrate x86 workloads to the Nutanix platform. Nutanix certified consultants will provide planning and design assistance for x86 workload migration onto any supported hypervisor on Nutanix. Customized design workshops targeting SQL server migration and file server migration from legacy storage infrastructure are also available as an offering within this service. This Service is scoped up to 2 days on-site and includes the following activities:

- Detailed requirements gathering and planning working with the customer  
This activity could include reviewing existing x86 workload, file server, database workloads and the current infrastructure to assess the best approach to migrate these workloads onto Nutanix

- Detailed knowledge transfer workshop providing strategies and best practices for migrating workloads onto the Nutanix platform based on Nutanix best practice guides, migration tools and implementation experience
- Interactive design workshop to create a customized high-level migration design including recommended migration tools and Nutanix platform sizing

#### **Deliverables**

- Customized migration requirements document
- Customized migration design document

#### **WARRANTY AND ACCEPTANCE.**

(a) Nutanix warrants that the Services will be performed with reasonable care and skill and in a professional and workmanlike manner. Nutanix's entire obligation, and Customer's exclusive remedy, under this warranty will be for Nutanix, at Nutanix option: (i) to use reasonable efforts to re-perform the deficient Services within a reasonable period of time; or (ii) if, after reasonable efforts Nutanix is not able to correct the deficiencies, refund the portion of any Services fee that corresponds to the failure to perform. EXCEPT AS STATED HEREIN, NUTANIX DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, PERFORMANCE, ACCURACY, RELIABILITY, AND NON-INFRINGEMENT. (b) Customer has five (5) days upon delivery of the Services to notify Nutanix that the Services do not meet the warranty above or are otherwise not accepted. Absent such notification in the timeline stated in the preceding sentence, the Services shall be deemed accepted.
