

Collection and Recycling Arrangements in Romania

Nutanix products are sold in Romania by dealers and distributors. The dealers and distributors act as the importer of the equipment into Romania. Thus the dealers and distributors have the legal responsibility to:

- Register as the WEEE producer in Romania.
- Provide arrangements for collection and recycling of WEEE arising from Nutanix products that the dealer and distributor sells in Romania.

Please reach out to your local dealer and distributor for WEEE collection and recycling. Should you need additional assistance from Nutanix, please create a support case at <https://portal.nutanix.com> and select WEEE as the issue type.
