

WEEE Collection and Recycling Arrangements in Sweden

Under Swedish WEEE legislation, for equipment that you buy from Nutanix after August 13th 2005, Nutanix is required to provide arrangements for the collection, treatment, recycling and recovery of the waste electrical and electronic equipment (WEEE) that your new purchase replaces, on a one-for-one, like-for-like basis. The old equipment that your new purchase from Nutanix replaces is referred to as Historic WEEE.

Nutanix is also required to provide arrangements for the collection, treatment, recycling and recovery of any new electrical and electronic equipment that you buy from Nutanix after August 13th 2005, when that new equipment eventually becomes waste. This is referred to as New WEEE.

Nutanix has joined the compliance scheme El-Kretsen in Sweden to manage all aspects of WEEE collection and recycling in Sweden. Please contact El-Kretsen below to arrange collection of the WEEE.

Compliance Scheme	Telephone Number	Web:	E-mail
