Enterprise Architecture

Migration Strategy KickStart

BENEFITS

- Maximize business outcomes with guidance and real-world expertise from an experienced specialist
- Accelerate your transformation by leveraging Nutanix innovation
- Avoid common pitfalls that result in critical errors and overly complex migrations

AUDIENCE

- IT leaders and Administration teams seeking a tailored understanding of how to plan for and execute a successful datacenter transformation or migration outcome

OVERVIEW

The Migration Strategy KickStart gives your Administration team the insights and practical guidance needed to achieve a successful migration or desired outcomes.

Nutanix has provided customers with trusted migration services for over 10 years. Providing migration services is something we do all day, every day. With Net Promoter Scores exceeding 90+ year after year, customers agree that we're the best at what we do.

Upon completion of this workshop, your team will:

- Know the areas of consideration vital to achieving desired business outcomes from your transformation
- Understand and know how to resolve challenges that could stall your migration
- Be able to plan and drive an optimized, efficient transition to new technologies and operating models
- Learn how Nutanix Cloud Platform (NCP) helps you to run cost-effective environments that meet your business requirements

SERVICE SCOPE

Delivered by an experienced specialist, this KickStart workshop starts with a discovery session to understand your environment and required outcomes. Based on the information learned in discovery, we will then deliver a workshop customized to address your specific needs.

Potential topics:

Our specialists possess a broad range of expertise and can engage in depth with you on any number of relevant topics, such as:

- Migrating workloads from VMware vSphere to Nutanix AHV
