

ADVANCING DIGITAL MODERNIZATION, SIMPLIFYING IT INFRASTRUCTURE

HPE and Nutanix bring the cloud to you

Today's IT challenges—always on your mind?

Executives, data scientists, security officers, cloud architects, and developers from [700+ organizations¹](#) agree about the challenges they face:

Server vulnerabilities in on-premises data centers and at edge locations

Lack of visibility and insights, blocking information on compute utilization, costs, and energy use

Enabling new use cases / workloads, including artificial intelligence (AI), edge, virtualization, and virtual desktop infrastructure (VDI)

Overcoming inefficiencies to help boost performance, costs, energy use, staffing, and more²

IT teams agree they could address these issues if they had innovative IT solutions that enable transformation.

Unlock innovation to overcome today's challenges

Building on a long-standing partnership and close collaboration, HPE and Nutanix announce the release of three new jointly engineered solutions:
