

# EUC Migration Planning

Product Code: CNS-EUC-A-WRK-MIG

## At-a-Glance

Stage: Migrate

The End User Computing (EUC) Migration Planning offers EUC teams in-depth and practical guidance to create a comprehensive migration plan for migrating existing EUC applications and desktop virtualization environments to the Nutanix Cloud Platform (NCP). This offer is ideal for the Migrate state of a hybrid multicloud journey.

## Related Services

- EUC Workload and Gold Image Migration
- EUC User Data Migration

## Service Scope

Highly skilled consultants with solid domain expertise and rich experience begin with a discovery session that collects migration requirements, dependencies, and maintenance windows. The consultant then conducts a migration planning session based on the discussions during the discovery session and creates a migration plan.

The service includes the following activities:

- Conduct an EUC migration discovery session:
  - Gather and document migration requirements, constraints, assumptions, dependencies, and decisions for the migration effort
  - Assess the current state of systems and users to be migrated
- Conduct EUC Migration Planning:
  - Review options for migrating existing
    - EUC broker infrastructure
    - Virtual and physical desktops
    - Gold Images
    - User profiles and data
  - Assess network configuration impacts and requirements
  - Develop a migration plan and process, rollback plans, and migration wave(s)
  - Develop a post-migration validation plan

## Project Management

Nutanix Project Management (PM) oversees Nutanix resources and aligns execution with your goals, scope, and timelines.

Core project management activities may include the following:

- Serve as a single point of contact for all project communication
- End-to-end Nutanix resource management

- Coordinate change window(s) and implementation schedules with customer
- Track and facilitate readiness and prerequisite completion
- Conduct project kickoff/technical readiness meeting(s)
- Integrate customer resources into the high-level project timeline
- Send status update(s)
- Manage timeline(s)
- Deliver created artifacts to the customer
- Facilitate project closeout activities

## Limitations

- For each quantity purchased, migration planning is limited to 1 existing EUC environment in 1 physical site. Larger environments can be accommodated via a custom statement of work (SOW)
