## NFS & SMB Migrations to Nutanix Files

Nutanix Files is a software defined fileserver that provides simple, scalable and reliable file storage for your enterprise cloud.

Datadobi software simplifies NAS migrations by providing fully automated, end-to-end migrations at scale. Nutanix has certified DobiMigrate as interoperable with Nutanix Files allowing for support of streamlined migrations. Using DobiMigrate, Nutanix customers not only experience a fast and easy migration to Nutanix Files, but complete data integrity with DobiMigrate's built-in, industry leading content validation. DobiMigrate seamlessly integrates with Nutanix Files, easing migration, replication and reporting while increasing ROI by helping Nutanix customers move quickly and efficiently off of legacy storage appliances.

## ABOUT DATABOBI

Datadobi builds software that enables its customers to migrate and protect their unstructured data anywhere. Their DobiMiner Software Suite allows customers to migrate, copy, replicate, restore and failover File and Object data between heterogeneous or in-family NAS, File-system, and Object storage on-premises or in the Cloud.

The DobiMiner Software Suite—DobiMigrate, DobiReplicate, and DobiSync—provides the safest, fastest, easiest and most cost-effective way to ensure your File and Object data is always available.

## ABOUT NUTANIX

Nutanix makes datacenter infrastructure and clouds invisible, elevating IT to focus on the applications and services that power the business. The company's Enterprise Cloud OS software converges private, public and distributed clouds, bringing one-click simplicity to infrastructure and application management.
