

WEEE Collection and Recycling Arrangements in the United Kingdom

Nutanix's WEEE producer registration number in the UK is WEE/MM5989AA

Under the UK Waste Electrical and Electronic Equipment (WEEE) Regulations, for old equipment that you have bought before August 2005 which is being replaced on a one-for-one, like-for-like basis by the purchase of new Nutanix equipment, Nutanix is required to provide arrangements for the collection, treatment, recycling and recovery of the old equipment. The old equipment that your new purchase from Nutanix replaces is referred to as Historic WEEE.

Under the UK WEEE Regulations, Nutanix is also required to provide arrangements for the collection, treatment, recycling and recovery of any new electrical and electronic equipment that you buy from Nutanix after August 2005, when that new equipment eventually becomes waste. This is referred to as New WEEE.

Nutanix products are very competitively priced. Any new increase in operating costs for manufacturers such as Nutanix is normally reflected in a price increase in the product. However, instead of increasing the prices of our products, Nutanix has decided to share these new environmental costs directly with our customers. We believe in being transparent with you on any new environmental costs that our products need to address.

Our approach to sharing these new environmental costs is:

- Nutanix pays for the costs of treatment, recycling and recovery of the WEEE to meet the targets set by the WEEE Regulations;
- Nutanix pays for the costs of data management and reporting to the Environment Agency to demonstrate compliance with all administrative requirements of the WEEE Regulations;
- you pay for transportation of your WEEE to Nutanix's appointed recycler in the UK.

Nutanix has established a recycling contract with the European Advanced Recycling Network (EARN) and will cover any costs of treatment, recycling and recovery of the equipment on arrival at the EARN recycling facility in the UK. All New WEEE that arises from the purchase of Nutanix products is classed as non-hazardous waste.

It is your responsibility to arrange and pay for costs of collection and transportation to the recycler. In order to meet UK Duty of Care Regulations for waste disposal, you should use one of the following carriers (which hold a valid Waste Carriers licence):

Waste Carrier	Telephone Number	Website
TNT UK Ltd	+44 (0)800 100600	www.tnt.co.uk
DHL Express (UK) Ltd	+44 (0) 844 248 0555	www.dhl.co.uk
Keuhne + Nagel Ltd	+44 (0)1895 552000	www.kn-portal.com

For larger quantities of waste, you may want to contact the recycler directly to arrange and pay for alternative collection methods. The EARN recycling facility in the United Kingdom is:

Recycler	Telephone Number	Website
MDJ Light Bros Ltd	+44 (0)1273 486848	www.wasterec.com

To comply with the UK Duty of Care Regulations the transport of your waste to the recycler must be accompanied by suitable documentation. You must also keep a signed copy of this documentation for two years.

In order to meet this requirement and to enable EARN to identify Nutanix equipment upon arrival at the recycler's address, please complete the attached label with your company details and attach it to a suitable box for transport to EARN.

Waste Electrical and Electronic Equipment for Recycling from Nutanix Customers

Under the UK WEEE Regulations, when customers buy new electrical and electronic equipment from Nutanix they are entitled to send waste electrical and electronic equipment for recycling on a one-for-one, like-for-like basis. Customers are also entitled to send the new Nutanix equipment for recycling when it ultimately becomes waste. Nutanix has established a recycling contract with the European Advanced Recycling Network (EARN) and will cover any costs of recycling the waste electrical and electronic equipment on arrival at an EARN recycling company. Please complete this label and attach it to a suitable box or other container for transport to the EARN recycler.

How is the waste electrical and electronic equipment contained? Pallet <input checked="" type="checkbox"/> Box <input checked="" type="checkbox"/> Other <input checked="" type="checkbox"/> Please describe:	Your company's Standard Industrial Classification (SIC) code: <div style="border: 1px solid black; width: 100px; height: 20px; margin: 0 auto;"></div>	What is the quantity of waste (number of boxes, weight etc.)?			
Please confirm that the enclosed waste (EWC code 16 02 14) is:					
Old equipment that has been replaced by a purchase of new Nutanix equipment after 13 August 2005 (on a one-for-one, like-for-like basis); and / or	<input checked="" type="checkbox"/>				
Nutanix Equipment purchased after 13 August 2005 which has become waste	<input checked="" type="checkbox"/>				
Please confirm that you have applied the waste hierarchy (as required by regulation 12 of the Waste (England and Wales) Regulations, 2011 to the old products. This includes assessing whether the old product(s) could have been prevented from being recycled (for example, by reusing the old product(s))	<input checked="" type="checkbox"/>
