

Advanced Administration & Performance Management (AAPM)

GET STARTED TODAY

For class schedules, online learning access and more information visit nutanix.com/university.

AUDIENCE

- IT administrators, architects, and business leaders who already manage Nutanix clusters in the datacenter, but who would like more in-depth knowledge of Nutanix datacenter administration
- Anyone preparing for the Nutanix Certified Master - Multicloud Infrastructure (NCM-MCI) certification

SOFTWARE VERSIONS

- AOS 5.15
- AHV hypervisor
- Prism Central 5.15
- Nutanix Files 3.5 and 3.6

DESCRIPTION

This course features comprehensive coverage of advanced administration and performance management for Nutanix clusters. You'll learn how to monitor and tune clusters for better system performance, and optimize datacenter administration.

This course explains in detail how to use Acropolis services such as Volumes, Files and Objects. The course also explains how to define, manage, and secure workloads and applications using Calm and Flow, including automation of the Life Cycle Management (LCM) application, and how to implement and configure Self Service Portal and governance.

This course also covers Data Protection solutions such as Metro Availability with Witness. Advanced management using the new features of Prism Central and the command line are also covered in detail. This includes how to take advantage of machine learning with entity management and resource optimization as well as how to plan for future growth using Scenario Management using Prism Pro.

PRE-REQUISITES

- Nutanix Enterprise Cloud Administration (ECA) classroom training or an NCP certification
- Basic knowledge of Nutanix datacenter administration techniques
- Familiarity with traditional virtualization storage architectures
- Comfortable with Linux command-line interface

We encourage you to complete our online [Readiness Evaluation](#) before registering for this course to ensure it's the right fit.

COURSE DETAILS

Learning Methods:

Instructor-led

- 4 Days, in-person and virtual options
- Private classes available
- Hands-On Labs
- Includes a free NCM-MCI exam voucher
- \$4000 list price

Self-Paced Online

- 20 hours
- Demonstrations & interactive simulations of labs
- Free

COURSE OUTLINE

1. Advanced Network Configuration and Management
2. Managing and Securing Nutanix Clusters
3. Deploying and Securing VM Workloads
4. Deploying Nutanix Volumes
5. Implementing Nutanix Files
6. Configuring Nutanix Objects
7. Implementing Data Protection
8. Understanding and Troubleshooting AOS Performance

DURING THIS COURSE, YOU WILL LEARN TO

- Monitor datacenter performance and manage components to optimize system performance.
- Implement advanced solutions for business continuity and data protection in Nutanix datacenters.
- Design high-performing networks to support Nutanix clusters.
- Customize Nutanix security features.
- Deploy all Nutanix storage solutions:
 - Files
 - Volumes
 - Objects
- Use Prism Central to:
 - Identify and fix cluster health problems
 - Exploit machine learning for entity management and resource optimization
 - Plan for future growth
 - Manage assets and applications using Calm, Life Cycle Management (LCM)
- Practice advanced datacenter management procedures using hands-on labs.
- Get the most out of Nutanix systems by maximizing configuration and operation for peak efficiency.
- Validate your new skills by preparing for and completing the Nutanix Certified Master - Multicloud Infrastructure (NCM-MCI) certification.

RELATED CERTIFICATION

Nutanix Certified Master - Multicloud Infrastructure (NCM-MCI)

NCM-MCI certification holders measures your ability to perform complex administrative tasks on a Nutanix Cluster, as well as optimize both virtualized workloads and infrastructure components in an AOS deployment.

Please note: The course material is intended to cover 70-80% of the knowledge on the exam, with the rest of your exam prep coming from independent study and/or experience.

TERMS AND CONDITIONS

- Customer must purchase training seats in advance of scheduling course dates.
- Customer may not cancel purchased training seats and all amounts paid are non-refundable.
- Customer may reschedule courses with no less than 15 business days written notice to Nutanix. Rescheduling fees may apply.
- Customer may substitute a student with no less than 5 business days written notice to Nutanix. Rescheduling fees do not apply to substitutions.
- Training seats must be consumed within 6 months of purchase. Failure to utilize the training seats within the 6 months of purchase shall result in forfeiture of all fees paid for such seats. Extensions may be available on a case by case basis.
- Most of our Authorized Training Partners (ATPs) have a 10-business day cancellation and/or reschedule policy. If customer cancels or reschedules within those 10 business days, fees may apply up to the full price of the seat.
- Nutanix reserves the right to cancel any scheduled course due to minimum enrollment not being achieved, instructor illness, or other events outside of its control.
- Cancellation notices will be sent to enrolled students by email with rescheduling information and alternative training options.
