

Infrastructure

FastTrack for Intelligent Operations

BENEFITS

- Receive a guided experience of Nutanix Intelligent Operations in a simple configuration to speed initial adoption and enablement
- Mitigate risk and accelerate time to value by leveraging our knowledgeable and experienced consultants
- Gain understanding through rapid knowledge transfer for the most common configuration and operations topics

OVERVIEW

The FastTrack for Intelligent Operations, formerly Prism, focuses on collaborating with customers to provide advanced analytics and intelligent insights into managing a Nutanix environment. This FastTrack Service accelerates solution deployment and customer adoption.

A certified Nutanix consultant configures Nutanix Intelligent Operations as well as the components as listed below as part of a fixed-outcome service, minimizing the time to bring the solution online.

SERVICE SCOPE

Configure and validate the Intelligent Operations feature set described.

FastTrack for Intelligent Operations:

For customers who want a guided walk-through of Intelligent Operations functionality

Services include:

- Demonstration of utilization forecasting and what-if analysis
- Demonstration of VM right-sizing using X-Play
- Creation of up to 3 custom reports
- Creation of up to 3 custom dashboards
- One of the following supported scenarios:
 - Up to 4 hours towards integration with a custom remote API
 - Demonstration of SQL monitoring
 - Demonstration of external vCenter monitoring

PREREQUISITES

- Existing functional cluster on current supported AOS code
- Existing Prism Central deployed and functional, running PC 2020.08 or later
- Validated backup system or pre-production cluster already in place
- Valid Intelligent Operations licenses or trial period licenses available
- Ability to resize Prism Central VM, if needed, to support chosen scenario
- Ability to download and import Nutanix-provided VMs for demonstration purposes

DELIVERABLES

- Product enablement
- Knowledge transfer delivered as items are configured
- Intelligent Operations As-built documents
- Project close out

TASK

	Duration
FastTrack for Intelligent Operations	Typically 1-2 days
