

# Nutanix Technical Account Manager Service (TAM)

Mitigate operational risks and improve availability with experience and solution knowledge

Our TAM has been instrumental in aligning our IT strategy and requirements to the Nutanix product roadmap, shaping our overall virtualization ecosystem.

– Jon Walton,  
Chief Information Officer for  
the County of San Mateo

Nutanix Technical Account Manager (TAM) Service helps customers preemptively address risk and continually improve business outcomes. Backed by Nutanix's world-class Customer Success and Support organizations, a TAM can help your business:

- Minimize service disruption by promptly managing issues and escalations to resolution.
- Eliminate exposure by proactively advising customers regarding best practices and known risks.
- Gain insight into your environment with regular reviews and detailed reporting.
- Be better prepared to take on new projects with joint planning and training.
- Get a front seat to new features, technologies and solutions, including tech previews.

Proactively managing potential issues and challenges is an essential element of any successful IT operation. A Nutanix TAM is a cross-functional advisor who collaboratively brings in-depth product knowledge and proven skills with a proactive approach to help you streamline and optimize your Nutanix enterprise cloud deployments. A Nutanix TAM brings datacenter infrastructure, operational experience and best practices to help you keep your Nutanix environment well-managed, healthy and performant.

## SCOPE

The Nutanix TAM service is offered as a 12-month engagement. A Nutanix TAM is available for customers with valid production and mission critical support services. They operate during regular local business hours; supported by 24x7 escalation management and notifications. For pricing, please contact your local Nutanix Sales Representative.

The Nutanix TAM Support Service approach is simple - make and keep Nutanix customers healthy, happy and successful. TAM offerings focus on deliverables and outcomes versus a time-bounded model. The TAM Support Service provides:

- **Trusted business partnership:** Accelerate business value by optimizing technology deployment aligned with your datacenter strategy; continuously helping your organization realize sustained Nutanix platform advantages.
- **Improved application availability and operations:** Work with you to proactively manage common and unique risks - improving uptime, TCO and maximize your return.
- **Your personal advocate and champion:** Coordinate and resolve issues across experts in support and escalation engineering with timely, concise communications, reporting and quarterly business reviews.
- **Education to build skills:** Enrich your staff's knowledge of Nutanix technology application and best practices coupled with engagement with product, solutions and other experts.
