

In 2017,  
**3 BILLION**

Enterprise IoT devices generated over **32x** more than the  
**30+ million** nodes across cloud and private and public data centers.<sup>1</sup>

### Data Sources

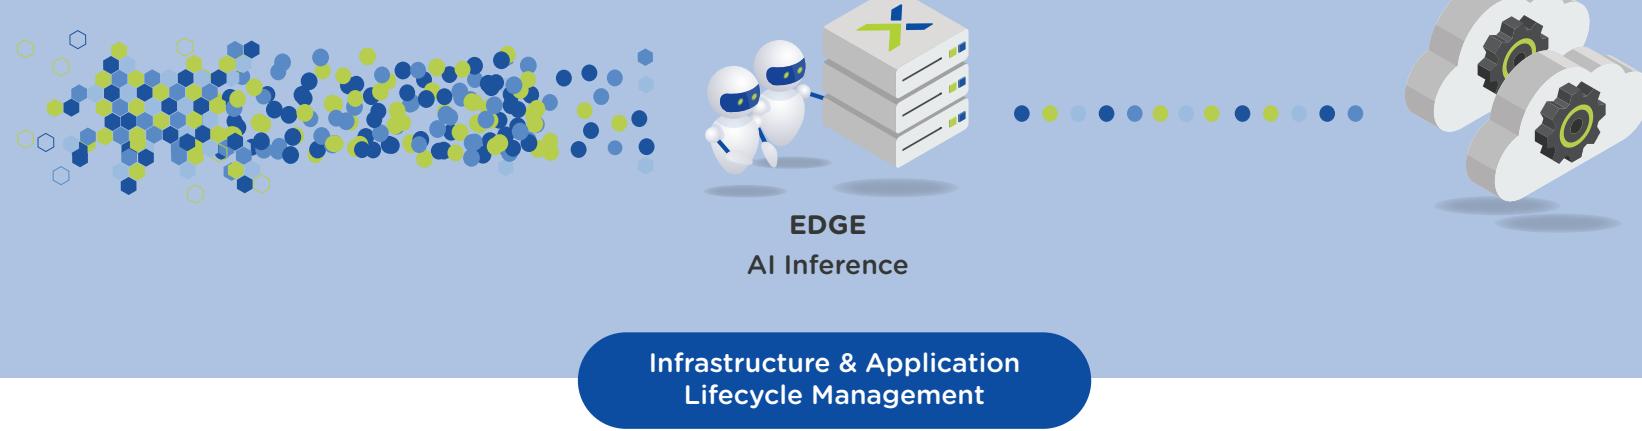

### Classic IoT Model

### Key Limitations

### Nutanix Xi IoT

### Infrastructure & Application Lifecycle Management

The end-to-end platform is centrally managed from the cloud and provides a user-friendly interface and SaaS based control plane for application development and operations.

#### Are You Ready For The Intelligent Edge?

Real-Time Analysis Increases Efficiency,  
Reduces Decision Latency and Minimizes  
Costly Production Delays

### Smart Factory

**NUTANIX**™
