

Don't Wait, Test Drive Today

One Platform. Any App. Any Cloud.

Build your clouds your way in a few clicks. Instantly complete all your IT tasks on a unified cloud platform with Nutanix. Try it today.

What is a Test Drive?

Test Drive is a Nutanix solutions demo environment that allows you to experience intuitive IT firsthand and introduces you to Nutanix through four guided solution areas and specific tasks related to each: Modernize Your Infrastructure, Automate Operations, Ensure Business Continuity, and Consolidate Your Data.

How long does it take to do a Test Drive?

Test Drive has a duration of 4 hours, with the possibility to be extended to 8 hours if desired.

What Nutanix products have a Test Drive?

You can explore HCI, Clusters, Files, Flow, Calm, Era, Mine, EUC, and Citrix; whether it's provisioning resources, optimizing performance, or automating application delivery, you can see how tasks that used to take hours, days, and weeks can be done in just a few clicks.

Do I need to download anything?

You can try Test Drive with no hardware, no set-up, or download needed! We recommend you use a Chrome browser for the best test drive experience.

What if I have a question?

We grant you chat support with System Engineers, being able to ask questions or sign up for a phone call at any time. To access the chat, you just have to click the button on the bottom right corner.

What else can I expect from Test Drive?

Test Drive is a self-paced demo, step-by-step guided, and can be easily turned off or get back on as desired.

How can I start a Test Drive now?

At www.nutanix.com/one-platform you can select your desired solution and start putting Nutanix to the test by adding your email address. Then, you will receive a link and a code via email, that you will need to put when clicking on top of 'Access Test Drive'.

Dive into specific solution areas:

- Build a Private Cloud
- Build a Hybrid Cloud
- Simplify Data Management
- Secure Your Applications
- Automate IT Operations
- Simplify Database Operations
- Eliminate Backup Silos

What happens when I finish a Test Drive?

We have a reward program that gives you an ecard when you finish your Test Drive experience! You will get an email with all the information and the next steps.
